

NEW EXHIBITION: “ENTRE DINOSAURIOS” (AMONG DINOSAURS)

What is the **AMONG DINOSAURS EXHIBITION?**

A fascinating journey to the past that allows you to see these spectacular dinosaurs in their natural habitat, transporting us to another world, when these, the largest animals to ever exist, dominated the Earth.

In the exhibition *Among Dinosaurs* you will be able to see 26 species of different sizes, completely mechanised and more realistic than you could ever imagine. With sounds and movements they'll make you believe you're really in the age of the dinosaurs! Without out doubt the star of the show is the incredible, life-size Tyrannosaurus Rex, 14 metres long and 7 metres tall.

Recommended for ages 6 and above.

DURATION: From 15th July 2010 to 29th May 2011
